

Submitter: Janet Bassett

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Until employers are willing to close on Election Day, and hospitals and nursing homes are prepared to transport patients and residents to their polling places, voting by mail allows more people to fill out a ballot and turn it in than voting in person does. Please do not send this bill on to the next step in the approval process. Keep Vote-By-Mail!

Thank you for your public service.

Janet Bassett
