Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I write to express my strong opposition to SB210. Voting by mail has been a big success in Oregon. It has shown to enable more people to vote. I appreciate the ability to study the ballot and research various candidates and measures in the privacy of my home. I see this bill, unfortunately, as a way to suppress the vote. I urge all senators to vote against this regressive bill. Thank you.
