

Submitter:

Theodore Henriksen

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail is one of the most efficient, practical, and sensible ways to vote. You can take your time, research subjects and more wholly understand the politicians and issues you are voting on, without having to waste time standing in line and exhausting yourself needlessly. Revoking this is a naked assault on the liberty and free will of all Oregonians. I oppose.
