Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support continued mail in ballots. When I moved here over 20 years ago, I thought this was brilliant and did not understand why other states don't do this. When I lived in Ohio, we had to go in person to vote. This was a burden to do and also did not feel as secure as it could be in a variety of places. It takes away from people working their jobs and there is no way of knowing how to plan because it can be time consuming. Mail in ballots NEEDS to continue. It allows for the best outcomes.
