

Submitter: Loretta Harrison

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Our voting rights need to be protected. SB210 is an attempt to limit voting here in Oregon, in my opinion. Voter fraud has not been proven by the proponents of SB 210 to exist to any large extent in our state. This bill is a solution looking for a problem and I strongly oppose it because it will impose a hardship of our fellow residents including the elderly, disabled and working citizens. Furthermore, in person voting will tend to discourage voting turnout in local elections. The present vote by mail system is working well, if it ain't broke, don't fix it.
