

Submitter: Elizabeth Fluharty
On Behalf Of: Cascade Virtual Acadamey
Committee: House Committee On Education
Measure, Appointment or Topic: HB2583

Dear House Education Committee,

My name is Elizabeth Fluharty and I live in Oregon City, OR and I'm a virtual public charter school parent of two girls. I'm writing to express my concern about HB 2583. The bill doesn't go far enough. It continues to exclude virtual public charter schools like Cascade Virtual Academy, Insight School of Oregon and Destinations Career Academy from applying for Student Investment Act (SIA) grants. This would impact approximately 2000 students enrolled in these schools. All virtual public charter schools should be eligible to apply for SIA grants. It's unfair to exclude a handful of schools. I hope the committee will adopt the -1 amendment to expand SIA grant eligibility to ALL virtual public charter schools, so all Oregon students can succeed.

Sincerely,
Elizabeth Fluharty, Mother of two virtual school children
