Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support in-person voting with ID validation. Current mail-in voting through the post office cannot properly adhere to Chain-of-Custody requirements that should be with any ballot for any election. The diminished lack of trust in our elections has been the biggest act of Voter Suppression in our time.

I would support in-person early voting up to 5 days before an election for those who claim they have difficulty getting to a polling site.
