I have been a resident of Happy Valley OR since 2000. I came from a state where there was in-person-only voting, standing in line for hours in rain, wind, sometimes snow. I was thrilled to be able to vote by mail here in OR! I can now sit comfortably in my home, read the voter's pamphlet and select my candidates taking all the time I need, confident that my ballot would be received and my voice heard. I am now a senior citizen and would hate to give that privilege up and return to standing in long lines once again. This idea of taking away mail-in voting is just another attempt to suppress votes and prevent everyone their right to have their voice heard and ballot counted.

Shame on whoever is trying to take this privilege from the citizens of OR.
