

Submitter:

Brenda LaVigne

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I am a native Oregonian, a medical professional, volunteer, leader, parent and prior military servicemember who owns property, runs a nonprofit, lives and works in Oregon.

I do not have time or energy to vote in person. My patients, classmates, family and friends are already completely overloaded.

I strongly oppose taking away our right to submit mail in votes! This would cause an undue burden on all members of our local Oregon communities! It would require individuals to spent time and money getting to voting booths, it would cost money and would take time to install voting booths, it would require missing time from work, getting daycare, and numerous other complications that would restrict voting capabilities for the blood, vulnerable, hard working employees, students, parents, elderly, etc.

If we can bank and do most business remotely these days, why on earth should we have to vote in person?
