

Submitter: Bonnie Radomski-conley

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Do not take away our choice to vote by mail or in drop boxes.

Making is easy to vote is the right of the people.

Working people have it hard enough wirhout standing in line to vote. Our elders and people with medical and special needs must be able to cast their vote without standing in line.

The only reason for this change is to discourage people from voting.

Our elections onOregon are secure accurately counted and fair as they are.
