Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I fully support SB210. It only makes sense to have these regulations in place. To have to rewrite the laws to resubmit these common sense rules is bewildering. How far into Marxism will we slide?

Without SB210, we will never have free elections again.

But, isn't that the goal of the democrat party?...

When you can't win in the arena of ideas, cheat your way in.

Force everyone else to submit to your tyranny.
