

Submitter:

Rebekah McAnally

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

When I first moved to Oregon I could not believe how easy it was to vote. In other states where I have lived we had in person voting and I was not always able to take off work or when I had young children was just not possible to stand in line for a long time to vote. Being able to vote on at home allows me to read about each candidate, do my research and vote carefully. Please keep mail in voting. It is so important for encouraging everyone to vote. Getting a ballot in the mail and being able to mail it in removes barriers for so many people.
