Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Since positive identification by mail in ballot is nearly impossible since a photo ID is never presented we cannot know if citizens are voting or if the ballot cast was the actual voter named on the envelope or voter registry. It is also impossible for the voter to know if their ballot was counted towards the candidate or measure of their choice. To ensure vote integrity it is imperative that each voter knows how their vote was counted and vote by mail fails to do that. Please vote for SB 210 and restore confidence in Oregon elections.

Thank you.
