We have a beautifully functioning, easy to use voting system in Oregon.

- 1). It is easy for all voters to participate. People who can't get to the polls (mothers with young children, caregivers, people with transportation, problems, etc.) are not kept from voting.
- 2). Disabled people like me can vote without arranging for a special mail in ballot.
- 3). Poll workers have been harassed in other states. Let's keep that from happening in Oregon.
- 4). With vote-by-mail, all citizens participate on an equal basis. Voting rights of minorities or others can't be restricted by having fewer polling places in those neighborhoods.
- 5). We have the best voting system. Please preserve it!
