SB210

This is an absolutely ludicrous idea. Mail in voting works for everyone and has for as long as I can remember voting in Oregon, over 25 years now. There can not possibly be a good reason to regress and have in-person voting be the standard method for conducting an election other than trying to suppress votes. I can only imagine voting participation would drop drastically if this measure were to pass, but unfortunately that is probably the intent. Please for the sake of a free and fair democracy do not consider putting this on the ballot.
