

Submitter:

Barbara Sutton

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has had safe, secure mail voting for years. Vote by mail must be protected. In person voting requires people to miss work, go out while ill, or be unable to vote at all. Requiring only in person voting is voter suppression. Seniors and disabled people who cannot leave their homes or wait in lines won't be able to vote. People traveling would lose their right to vote

**PROTECT VOTE BY MAIL!**
