I support this bill. This should go to the people to vote on. Mail in voting may be easier, but there are many downsides:

No chain of custody that can be properly adhered to and in some cases ballots are miscarried or lost by the postal service

Nearly impossible to prevent fraud or bad ballots

More good ballots are tossed

Takes longer to get results, it takes weeks and in some cases over a month to get results

As Oregonians we deserve fair and honest elections in a timely manner.
