Measure, Appointment or Topic: SB210

I oppose this bill in the strongest possible language. Voting by mail has been the standard used my entire life and is a process that makes voting accessible to the widest array of people in all walks of life without sacrificing security.

We should be doing everything we can to increase voter turnout, not restrict it. This bill is a flagrant attempt to make voting harder and less accessible by capitalizing on security fearmongering.

Do not let this giant step backward stand.
