Measure, Appointment or Topic: HB3917

For the Record my name is Sharon Loney from Salem, Oregon. My family in OTIS and friends were affected by the fires do not let Pacific Corp off easy with passing this. It will harm the Oregonians affected by these fires. Make them accept responsibility and pay out what these families deserve for pain and suffering. My cousin dad has passed away please do what's right. Please Oppose HB 3917. Thank you for your time.
