SB210

Dear Senate committee on rules,

As an Oregonian and a resident of Multnomah county. I have participated in vote by mail for over 20 years. I strongly urge you to oppose SB 210.

Voting in person creates unnecessary pressures and limits voter out. This is especially difficult for working parents and families. Taking time off work to vote means less voter turnout. This is creating a purposeful barrier to voting, which is exactly what Republicans want. They know that if they make it harder to vote, then only those with privilege will vote. This bill will directly affect those in our community who are most marginalized. The elderly, the disabled, and working families. This is not what Oregon families want, need or deserve.
