SB210

I am in favor of SB 210. Why should someone be in opposition of this? This would confirm that voting in person would take away any questions regarding fraud and fairness. Those who are unable to vote in person such as overseas military personnel, individuals who may have disabilities, elderly etc. should be accommodated and be able to vote by mail. Voting is a privilege and if it's important for someone's "Voice" to be heard during an election, those individuals need to take responsible and get to the polls.
