Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

No. Vote no on this bill. Preserve our democratic system and make it easy for all Oregonians to vote , This bill is intended to reduce voting, essentially taking away the ability to vote for those who are physically unable to go to the polls, whether due to health reasons, being a primary caregiver, or having work obligations that makes it challenging to go to a polling place at a specific date and time.
