Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon for the past 20 years and have always appreciated our voting by mail system. The one time I had an issue, it was easy to rectify in person, but the ability to vote at my own pace from the comfort of my own home has been an incredible privilege. As an Oregonian, I am proud of our system. Please do not change it.
