

Submitter: Christopher Knight
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

I strongly oppose this piece of legislation

One of the many things that makes me love Oregon is the ability to vote by mail. I am able to research the candidates and issues thoroughly and make the best decision from the conduit of my home on my own time. Losing this privilege would be a major blow to my ability to vote in every election and feels like voter suppression to me.

Please do not support this legalisation
