SB210

The current voting system has been in place for all of the 19 years I have lived in Oregon. The current system is safe, secure, and makes voting easier and more accessible to voters. I have lived in a state that only offered in-person voting, and the in-person voting system made it needlessly difficult for people to do their civic duty and vote. When I moved here, I was delighted that I was able to fill out my ballot at my leisure and return it when it was convenient. I hope that Oregon does not decide to abandon this excellent system.
