RE: HB 3908 (to increase the major party threshold to 10%)
DATE: April 1, 2025

I am Justin Filip, Secretary of the Pacific Green Party.

The Pacific Green Party has been an Oregon minor political party since 1992. It has 8,100 members.

The Pacific Green Party supports HB 3908, so that Independent Party of Oregon (or any other Oregon minor party) need not reorganize into a major party until and unless its membership reaches 10% of all Oregon registered voters.
