Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3343

I oppose HB 3343 which would require water use meters and reporting to the OWRD, for all government entities & all water right holders including both ground water wells & surface water rights. This bill is an overreach by the government also infringes upon constitutional rights guaranteed by the Oregon Constitution. I oppose the extreme financial impacts on the water right holders and the State of Oregon. We the hard working people do not need more rules, restrictions and regulations who are already struggling.
