Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB697

As a citizen of Oregon oppose this legislation. 18 is an adult in this state. An 18 year old can join the service and die for their country but not be allowed to purchase a firearm ? They can fight and die for this country, they are adults and this violates their 2nd Amendment right to purchase and own a gun whether it be for hunting, target/range shooting, competition or self defense, whatever the reason. Please stop this bill and all other 2nd Amendment violations. The issue isn't the inanimate object, it is the evil, mentally ill, criminal persons are the issue. My vote as a constituent is no.
