SB210

Hello, my name is Cynthia De La Torre, I am resident of Albany, OR. I'm writing to oppose SB 210. This bill does not take into the amount of Oregonians who would have to go out of their way facing barriers along each way to exercise their constitutional right to vote. Mail in voting eliminates the barriers so many population groups in Oregon to vote in elections, including older adults, rural residents, Oregonians with disabilities, people who cannot leave their work during the day, child care providers, and so many more. Oregonians' mail in voting needs to be protected, please do not support SB 210, this will cost taxpayers more and hurt civic participation in Oregon's elections.
