Resources, and Water

Measure, Appointment or Topic: HB3343

Good Morning,

My name is Monique Bochsler and I am writing in opposition.

This represents a significant overreach that will severely impact farmers and ranchers dependent on water resources. There is no justification for further financial strain on the public, as citizens are already overtaxed. If the state were to stop squandering funds, it wouldn't need to impose such heavy taxes that threaten to drive people from their homes.
