I support Oregon Senate Bill 210. I currently have no faith in Oregon's voter integrity because of the rampant fraud with mail in ballots. Oregonians aren't allowed to vote in person even if they wanted to, which is just wrong. Oregon needs to go back to voting IN PERSON and requiring ID. These are common sense measures to ensure election integrity. Oregon is as corrupt as they come and there is a reason why they don't want to go back to in-person voting. We haven't had a republican voted in since Oregon became mail in voting only. That's not coincidence.
