Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As someone who works the elections, processing mail-in ballots for days prior to and during the election, and whose sister who was the former City Recorder for the City of Bend who had over a decade experience doing the same, I submit that I am vehemently opposed to removing the right for mail-in-voting in Oregon. It is SAFE. It is SECURE. It is RELIABLE. This bill has nefarious origins and must be stopped.
