

Submitter: Joana Chan

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

When I moved to OR one of the things I appreciated most was being mailed my ballot and information on the candidate and measures. I have voted in person for years in NY and it was hours of travel and waiting and I often didn't feel like I knew what I was voting on because I didn't have all of my materials and references with me. I am more civically informed and engaged and a better citizen with OR's current system.
