I support voter ID in Oregon, and removal of mail in voting.

When I vote by mail I sign an envelope, not my ballot. That is NOT right, envelope signing. I want to vote in person and show ID. That is a right of the american people.

I must show ID get a license, ride in an airplane, by a house, get a loan, by alcohol, borrow books from the library, but not to vote.

Take away mail in voting and lets get back to in person voting and voter ID.
