

## Learner Quote to Coach

“

You helped me get back into Queens College after I had dropped out. At a time when I thought my shot at a career and a meaningful future was completely gone. Your encouragement motivated me to keep going and carried me through my college journey and beyond.

I'm proud to share that I went on to graduate with degrees in Economics and Political Science. Since then, my career has taken some incredible turns. I've worked for a large financial firm-backed venture capital firm and served as a financial analyst under a VP. Now, I'm about to begin a new chapter as a senior business development professional at Columbia University Irving Medical Center.

None of this would have been possible without your guidance and support during that pivotal moment in my life. Thank you for helping me when I felt lost. You truly changed the trajectory of my life, and I will always be grateful for the role you played in my journey.
