

Submitter: John Povolny

On Behalf Of:

Committee: Joint Committee On Transportation

Measure, Appointment or Topic: HB2184

The hood river/white salmon bridge is a crucial link between the border communities of the mid columbia region - folks from both states use it daily to get to work, run errands, and connect with friends and family. The current bridge is ancient, dangerous, subject to frequent closures, and highly access-limited for low-SES community members and others who cannot access it by car (as it is closed to pedestrian and even bicycle traffic).
