

Submitter: Tiana Bernard

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

In-person voting limits and prevents the ease of accessibility for voters who: have children, have jobs, are caregivers, are disabled, are elderly, are low-income, lack reliable transportation, are overburdened, are sick, are immune-compromised, etc.

The intentional exclusion of these citizens is two steps backwards in a nation which is already hurdling towards full authoritarian rule.

May the Oregon Legislature represent its people with honesty and advocacy.

In solidarity,
Tiana
