

Submitter: Cynthia Ley

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

We must retain the current voting method. Vote By Mail is an essential service to the people of our state. It touches everyone--working folks, disabled persons, elderly, persons with limited mobility, persons who otherwise would be making long commutes to get to their polling places. It is sane, it is safe, and it is an invaluable part of our election process. We must protect it.
