On Behalf Of: DSPs in Oregon  
Committee: Joint Committee On Ways and Means Subcommittee On  
Human Services  
Measure, Appointment or Topic: SB5526

DSPs are an essential force in assisting the most vulnerable Oregonians to live a safe, healthy and high quality life. Without adequate service many people would risk homelessness and hospitalization. Without a living wage many DSPs need to work multiple jobs over 40 hrs a week, or have left the field and ultimately the area in search of a secure financial future. please vote in support of this bill to ensure the most vulnerable of your constituents are provided for, and can enjoy a life they would be proud of here in Oregon.
