

I STRONGLY oppose SB210 and do NOT wish to revert to in-person voting in Oregon, nor do I support the implementation of a requirement to show ID when voting or REQUESTING a ballot. It has been broadly demonstrated that mail-in voting increases valid participation for ALL voting demographics, producing the highest levels of voter turnout nationwide. Conspiracists would have us believe these numbers are the result of voter fraud, but there is no evidence to support these persistent inane claims. A democracy should encourage participation, not fear it. There is no reasonable justification for the disenfranchisement of massive numbers of voters by increasing the barriers to voting. REJECT SB 210.

Seriously,
