

Submitter: Gordon Graham
On Behalf Of: Oregon Voters
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SJR30

This senseless proposed restriction of voter choice resembles something taken directly from the roadmap of Communist state promoters. It begs the question "how can any responsible legislator, who purportedly represent the public, sponsor or vote to support something that would dilute the citizen power of initiative"? It is quite simply another heavy-handed maneuver to suppress free speech and to further remove any semblance of state government accountability. If you have a conscience, vote no on this proposal.
