

Submitter: Jeffrey Erland

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SJR30

My family has lived in Oregon since 1847.

As a registered voter, I am opposed to SJR 30 for the following reason.

SJR 30 greatly reduces the ability of average voters or "We The People" to remove or modify an Oregon statute due to raising the petition requirements.

It will also make it much more difficult to financially counter a petition drive against out of state special interest groups, labor unions and lobbyists.
