

Submitter:	Jill Brandt
On Behalf Of:	No automatic voter registration
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB1046

Automatic voter registration in Oregon has to stop. The DMV recently registered thousand of non-citizens to vote. Has this also happened with OHA? Automatic voter registration registers people to vote who may never have any intention of voting. Since Oregon is a 100% Vote by Mail state, this causes flooding of ballots in the state that become vulnerable to tampering and voter fraud.

What is this going to cost the taxpayers? ODFW will have to set up and maintain a system to securely collect, store, and transmit this information to the Secretary of State, and will have to train their employees on new procedures. Why not just have paper voter registration forms and a QR code to link to Oregonvotes.org available at ODFW offices and outlets? That way people who choose of their own volition to register to vote may do so through the proper channels.

No on SB1046. No on ANY automatic voter registration.
