Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

It was a relief for me after Oregon went to mail-in ballots because I was sole caregiver for my husband who had Alzheimers... It was impossible to get anyone to sit with him when I needed to run errands or go to my appointments... When outside mailboxes were installed at the Elections Office & City Hall, it was appreciated... Now, at age 81, it would be physically difficult for me to stand in line to vote... If mail-in ballots are discontinued without an exception for senior citizens like myself, we will no longer be able to vote.
