

2 April 2025

My name is Patrick Leyshock. I am an Oregon motorcyclist, board member of the Sang-Froid Riding Club, and a former member of the Governor's Advisory Committee on Motorcycle Safety.

I support House Bill 3542.

HB 3542 proposes a limited form of motorcycle lane sharing / filtering in Oregon. You may recall that a similar bill in 2021 received extraordinary support from both the House and Senate, with over 2/3 of both chambers voting for the bill, across party lines.

Since 2021, many other states have legalized lane sharing. Now is the year for Oregon to do so.
