Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support IN PERSON Voting. Shut the state down for One Day like we used to and make it an official activity. I understand that there will be exceptions - My in opinion ALL ballots should have a state or federal water mark, a bar code and a number so they are not able to be reproduced. The past few years have proven to all of us that election integrity and ballot harvesting is something that has come into question.
