Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: SB80

Dear Chair Golden, Vice Chair Nash, and members of the Senate Committee On
Natural Resources and Wildfire,

Thank you for the opportunity to comment on SB 80. I live on 38 acres of mixed
woodlands zoned Farm/Forest near Sweet Home. I support SB 80 to prevent the
further pollution of groundwater in the three GWMA's by not allowing new CAFOs or
the expansion of existing CAFOs in these areas. These three GWMA's have existing
groundwater contamination and it is well documented that the presence of CAFOs
increases the presence of nitrates in groundwater.

I urge you to vote YES on this bill.

Sincerely,
Phillip Callaway
