Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not take away the ability of Oregonians like myself to vote by mail. I have caregiving responsibilities for my two young children and removing the ability to vote by mail will make it harder for me to vote consistently in every election.

I urge legislators not to take away a system that works well to reduce barriers for all eligible voters in Oregon are able to vote. Do not fall prey to the specter of "election fraud" and disenfranchise eligible voters in the process.
