Measure, Appointment or Topic: SJR30

Grass roots efforts are important. This bill would make it more difficult for people in Oregon to get the required signatures - we're a big state. Thinking that someone from La Grande is going to have time to take away from their job to get to K Falls just doesn't work. The measure will still need to go to all the people of Oregon to vote it in so it's not like someone won't have a say. Thank you.
