Resources, and Water

Measure, Appointment or Topic: HB3343

As a property owner and steward of the land I find the state position to be an over reach of the very rights the Oregon Constitution guarentees me as a private property owner. It is vague in how it is written. It states no end game but we all know what it will mean if the State can get their foot in the door on private water rights. I urge all who review this bill to table it and not forward it thru the legislative process This bill is a wolf in sheep's clothing. Sincerely, Tim Hunter
